

CRUISE OPERATOR PERMIT APPLICATION (FOR HIRE: MOTORIZED & NON-MOTORIZED)

Thank you for your interest in providing guest experience services to the Victoria Cruise Terminal (the 'Terminal'). The Terminal has been a port-of-call for cruise ships on Alaska itineraries for more than 40 years, and now welcomes an average of more than 300 ship calls per year between April and October. The service you provide to guests, employees, and visitors is a key component to our success, and the Greater Victoria Harbour Authority and Western Stevedoring consider you a partner. The Cruise Related Operations User Guide (the 'User Guide'), that is available on the GVHA's website, has been developed to make it easier for service providers to access all required information on the permitting process, terms and conditions that make operations at the Terminal possible. We encourage your feedback on this document, the User Guide, and on the process.
